Legal Information

Changes/updates of the vehicle's software can cause malfunctions of the interface.   We offer free software-updates for our interfaces for one year after purchase. To receive a free update, the interface must be sent in at own cost. Labor cost for and other expenses involved with the software-updates will not be refunded.

Check compatibility of vehicle and accessories

Requirements	
Vehicle	Mercedes **C class (W205), GLC (X253), V class (W447), s class (W222)**
Device	**COMAND Online NTG5**

Installation

1. Locate OBD-port and remove cover
2. Turn on ACC
3. Wait until the navigation has booted
4. Plug coder into OBD-port
5. The navigation will re-boot
6. When the navigation's startup-screen shows, remove coder from OBD-port

To remove the A/V option from the navigation's menu repeat steps 1.-6.
After the first use on a vehicle, the coder OBD-N5-AV-01 is personalized to this vehicle. On this vehicle the enabling and removing the A/V option can be repeated without limit.

The AUX-cable must be connected into the vehicles harness' female Quadlock connector on the rear-side of the navigation computer.
